

How many help centers can I manage with 1 account?

Signing up

With your helpcenter.io account, **you can manage as many help centers as you need**. However, **our pricing is per [help center](#)** so you would have to pay the price of the subscription that you've chosen for every help center you create with us even though **you will be able to manage all of them from the same place**.

Welcome Ivan, select a help center:

self.helpcenter.io

ivanpenchev.helpcenter.io  

strategy.helpcenter.io 

Create New Help Center

After you sign in, you will be presented with a list of all your help centers so you can easily manage any of them or create a new one, if you need more.
